Join us for a “stimulating” presentation by

Robert H. Rasche, is a senior vice president and director of research at the Federal Reserve Bank of St. Louis. He received his B.A. degree from Yale University in 1963 and his A.M. and Ph.D. degrees from the University of Michigan in 1965 and 1966, respectively. His principal research interests are monetary economics and macroeconomics.

A Tribute ...to a fisherman and a friend

David Wilkinson

In the photo above right, **Lou Bopp, Roy Weisheit and Vince Shaw**, gather at the plaque that has been added to the wall at Rockbridge Trout Ranch in honor of fellow Rotarian, David Wilkinson, who died January 26, 2008.

“Doc” Wilkinson loved the fishing trip and took pride in documenting it -- and every Rotary function he attended -- for his scrapbook. His wry sense of humor -- and his always ready camera -- have been missed by us all.

Thanks for the memories!

While attending a marriage seminar on communication, Tom and his wife Peg listened to the instructor declare, "It is essential that husbands and wives know the things that are important to each other."

He addressed the men, "Can you describe your wife's favorite flower?"

Tom leaned over, touched his wife's arm gently, and whispered, "Pillsbury All-Purpose, isn't it?"

It's easy to understand why **Miles Schwartz** is so proud. Son Miles Jr. and his work team were recognized with the Intel Achievement Award, the company's highest recognition. The team developed a breakthrough chipset that enables a single design implementation to encompass five discrete product segments. Intel saved \$150 million in R&D costs. Only 245 out of more than 100,000 employees received this honor.

that both she and husband Lary are. Lynn combines her fitness routine with her philanthropic support of Celebrate Fitness, a fun day of exercise that benefits Site-man Cancer Center. She chaired the sponsorship committee whose members raised over \$30 thousand dollars. Lary recently was inducted into the Missouri State Handball Hall of Fame. Lary helped found a handball league in St. Louis, which just celebrated its 25th season. More recently, he started a Junior Division. He also mentors young players from economically disadvantaged families. Lary's won six State doubles championships and finished second in the Nationals in 2007.

Foundation awards 30,000th Matching Grant

By Peter Schmidtke
Rotary International News -- 3 March 2009

More than 20 children in India with congenital heart defects will soon benefit from the 30,000th Matching Grant awarded by The Rotary Foundation.

The Foundation approved a grant of US\$15,000 in December for the project, a collaboration between the Rotary clubs of Cochin Midtown, Kerala, India, and Sandbach, Cheshire, England. The grant will help fund surgeries to correct heart irregularities in children between the ages of three months and 18 years in southern and northern India.

The clubs have each contributed \$5,000 toward the project. Their districts, 3201 (India) and 1050 (England), have both provided \$5,000 from their District Designated Fund, for a total of \$35,000.

The project is being coordinated through Gift of Life International, an organization supported by Rotary clubs worldwide. It's the latest development in the ongoing efforts of the Cochin Midtown club and District 3201 to provide open-heart surgeries to 105 children from indigent families by 2010, Rotary's 105th year.

"A child with heart disease who is born to poor parents puts an entire family of five or six persons in financial disarray," says Cochin Midtown club president V.J. John, explaining his district's decision to make the surgeries a priority.

Through the Matching Grant program, the Foundation provides a dollar-for-dollar match for every District Designated fund contribution to a project, and a 50-cent match for every dollar of additional contributions.

Since 1965, the Foundation has matched contributions for international service projects in 199 countries at a cost of more than \$335 million. In 2007-08 alone, the Foundation approved \$43.8 million for 2,424 Matching Grant projects in 137 countries.

Fun Facts

Fact 1: I started a construction company at age 23 -- and still strap on a tool belt almost every weekend.

Fact 2: My right foot has two webbed toes.

Fact 3: On two occasions I shot two doves with one shot. This is called a Scotch Double. Very rare!

Fact 4: I've won four Telly Awards.

Fact 5: I've made 27 pounds of fruit cake each year since I was a teenager. My grandfather brought the recipe from Germany in the late 1800's.

Fact 6: I'm a Squire. (Creve Coeur)

Fact 7: Everyone in my firm is related.

Fact 8: I own Sitting Ducks, a hunting club in West Alton, MO

A CENTURY OF SERVICE

Rotary International is pleased to announce a new paperback edition of its popular history book *A Century of Service: The Story of Rotary International*. It is available at shop.rotary.org in English, Japanese, and Spanish for US\$15 and includes a new foreword by 2004-05 RI President Glenn E. Estess, Sr.

Written by Rotarian David C. Forward, the book captures the successes of Rotary's first century of service in a rich collection of facts, stories, and photographs. Since its hardcover release at the 2004 International Assembly, the book has sold more than 30,000 copies.

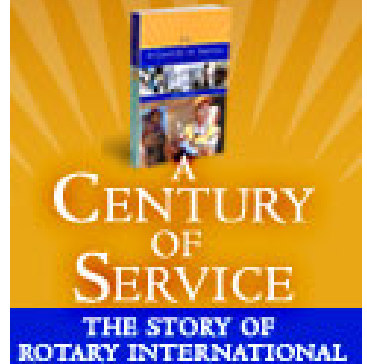

“Although the packaging has changed, the material remains the same -- a timeless record of a century of successes,” Estess writes. Order your copy today on line!

The following is an excerpt from chapter 1, “The Man behind the Movement”:

In contrast to the rudeness and indifference typical of merchants he saw downtown, Paul noticed how these storeowners greeted Frank with a smile, a handshake. At the grocery, soda fountain, the newsstand, the proprietors and Bobby Frank greeted one another by their first names. It was obvious they exchanged business with each other because of a genuine mutual trust and friendliness.

That simple afternoon constitutional came back to Paul Harris's mind a thousand times over the next five years. He had finally found an oasis where strangers could be united in commerce and friendship, where Wallingford and Chicago came together. A seed had been sown in the fertile mind of Paul Percy Harris.
